

FEATURES

STANDARD ON ALL GGT FOOTING ARENA
CONDITIONERS

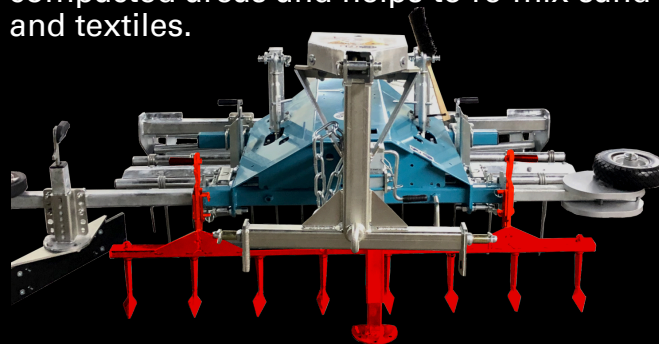

Leveling Bar

Smooths out surfaces &
distributes material to
low spots for even
footing.

Deep Loosening Teeth

Removes hard spots by breaking up
compacted areas and helps to re-mix sand
and textiles.

Track Clearer

Levels build-up around
arena walls.

Soundness & Performance
— *That's the Focus!*

ARENA CONDITIONERS

CONDITION YOUR ARENA LIKE THE PROS!

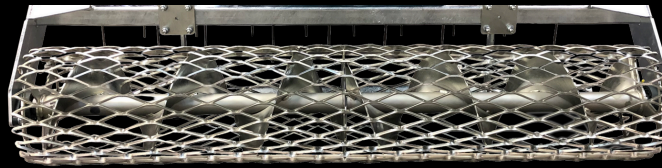

CHOOSE YOUR ROLLER FOR ONE CARE PRO

GGT CARE

Available in 57" & 80" working widths.

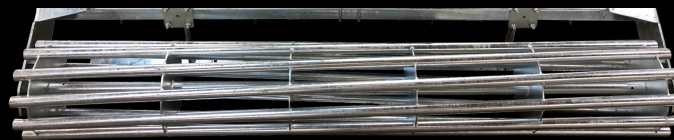

Mesh

Our recommended roller that features an internal auger for optimal blending and distribution.

Bar

Twisted rod design ensures optimal packing, eliminates trailing, & reduces bounce for smooth & consistent finish.

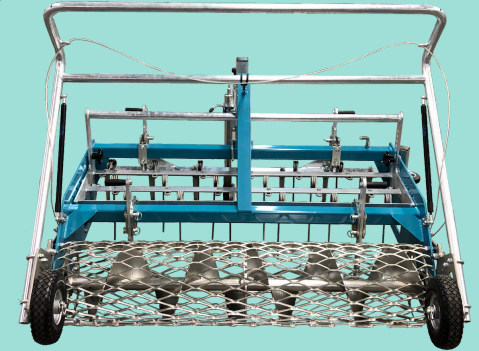

Farm Flex

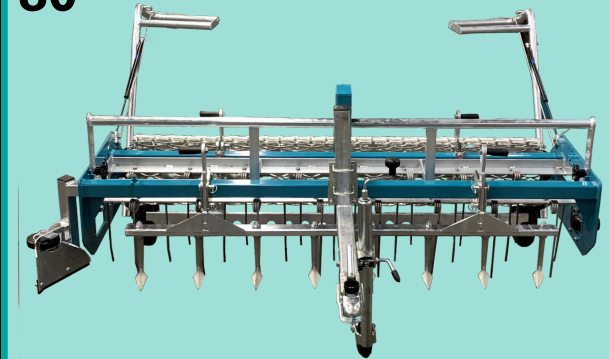

Used to stabilize, compact and level footing for consistent finish.

57"

80"

Robust tool designed to efficiently maintain high-performance footing with minimal effort.

Easy-to-use package that links to any ATV or tractor with 1 7/8" ball hitch.

ONLY AVAILABLE WITH MESH ROLLER

ONE CARE PRO

The ultimate arena conditioner for use on various surfaces. Designed for various equestrian surfaces

Available in multiple widths (71", 87", and 98") to suit different arena sizes & needs.
